

Remarks

Claims 1-14, and 24-25 are cancelled without prejudice and claims 15-19, 22 and 23 are cancelled. Claim 20 is amended. After the amendments claims 20, 21, 26 and 27 remain pending and under consideration in the application.

The basis for the changes to claim 20 appear in prior claim 15. Claims 20, 21 and 26 were considered allowable if rewritten including all of the limitations of the base claim and any intervening claims. It is believed Applicant has complied with these requirements. Claim 27 was allowed.

Please reconsider and re-examine the application. It is believed the application is ready for allowance, however please telephone the undersigned attorney if it could help to expedite the resolution of this application.

Respectfully Submitted,
